A warm *Welcome*

Grüß Gott! Welcome to Augsburg and the Dom Hotel. In some respects, our hotel is something special, not just because of the unusually quiet location in the heart of Augsburg. Our hotel has a long history. After all, the Romans settled on the land on which the Dom Hotel stands today. Later an emperor stayed here. But please ask us for

our brief hotel history entitled “500 Years of History: Dom Hotel”.

But above all, today you enjoy the style and service of a family-run hotel in which we have welcomed our guests for four generations.

A hotel for *Well-being*

You arrive here and immediately feel at home in our quiet and fine hotel. The Dom Hotel is a family enterprise. You immediately notice the difference – not least in the many loving details which welcome you in the reception area and indicate how important you are as our guest: the chestnut tree outside, flowers in front of the window, the bright and friendly design of the

modern foyer that you reach through the historic entrance doors, the stylish staircase... Everything makes you feel warmly welcome and from the first moment makes you sense: "I feel comfortable here". What else makes the Dom Hotel so popular among our guests? Read on to find out!

The little extras are part of the atmosphere that welcomes you at the Dom Hotel. The old staircase is charmingly combined with the modern design of the reception area.

The hotel's fine style and service starts with the reception desk.

Pleasant Atmosphere

Other hotels can be exclusive or extravagant. A pleasant and fine environment welcomes you at the Dom Hotel. Anyone who was ever here gladly comes again. Of course, a hotel whose history includes the fact that Emperor Maximilian I von Habsburg even stayed in the predecessor building is obliged to have style and ambience. The present-day hotel stands on the plot of the former cathedral priory.

A commemorative plaque and artistic work by Gothic stonemasons in the reception area bear witness to the long history of the Domviertel (Cathedral Quarter) and our hotel's predecessor building. You will certainly like the splendid view of the Cathedral of Augsburg, which you enjoy from several rooms and from our breakfast terrace, the historic relics and the hotel's pleasant architecture.

On the loggia: a lovely view of the quiet Domviertel and old trees.

In the reception area: reminders of the Romans and the hotel's history.

Enjoy the *Service*

At the Dom Hotel you are not merely a customer, you are our guest. We make your stay as pleasant as possible with informal service. Come to appreciate the cultivated quality of our rooms. Minibar, safe and TV, telephone and free WLAN in all rooms are a matter of course. After getting up, enjoy our service in the breakfast room or in the summer on our beautiful

terrace, surrounded by chestnut trees with an undisturbed view of the medieval towers of the cathedral only a few steps away. Our guests gladly make use of the indoor swimming pool. The well-kept fitness area with saunas and solarium is located right next door.

Getting up is not difficult: guests enjoy the refined breakfast room or the breakfast terrace with a wonderful view of the cathedral. In the evening they relax in the sauna.

Relax at the Dom Hotel: many of our guests gladly make use of the swimming pool with a view of the garden.

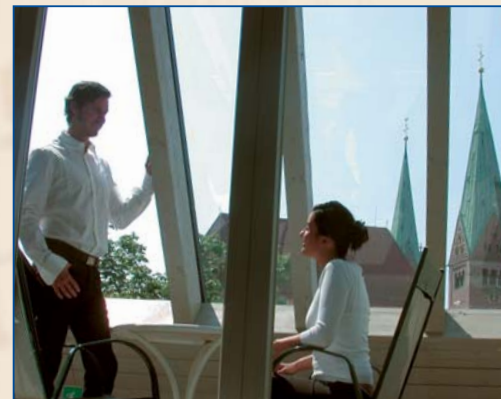

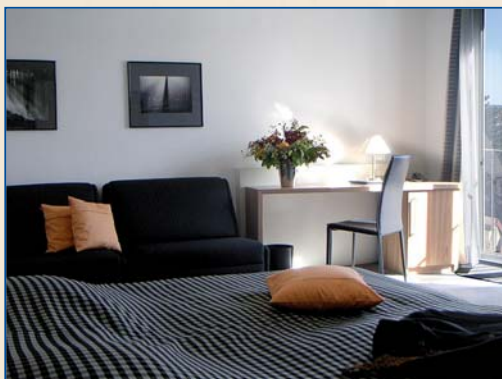

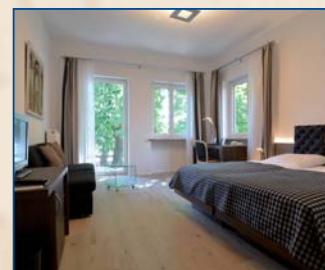

View and tranquillity: our Hotel rooms

The Dom Hotel is centrally located. Yet due to the extremely well-shielded location you sleep undisturbed by traffic noise in the middle of the major city. The Dom Hotel offers spacious single rooms, double rooms and suites. Of course, all units are furnished with shower, bath and WC. Rooms with loggias spoil you with the beautiful breath-taking

view of the Domviertel. If you are planning a longer stay, you can also choose from apartments with sizes ranging from 25 to 45 m². Hotel service on the one hand and kitchenettes on the other hand make you independent. A small conference room is also available to our guests on request.

The view of the cathedral towers and the quiet Domviertel around the hotel is charming. A view of the hotel rooms: the furnishings and abundant space make the stay pleasant.

You immediately feel at home in the cultivated hotel rooms.

Optimal Location

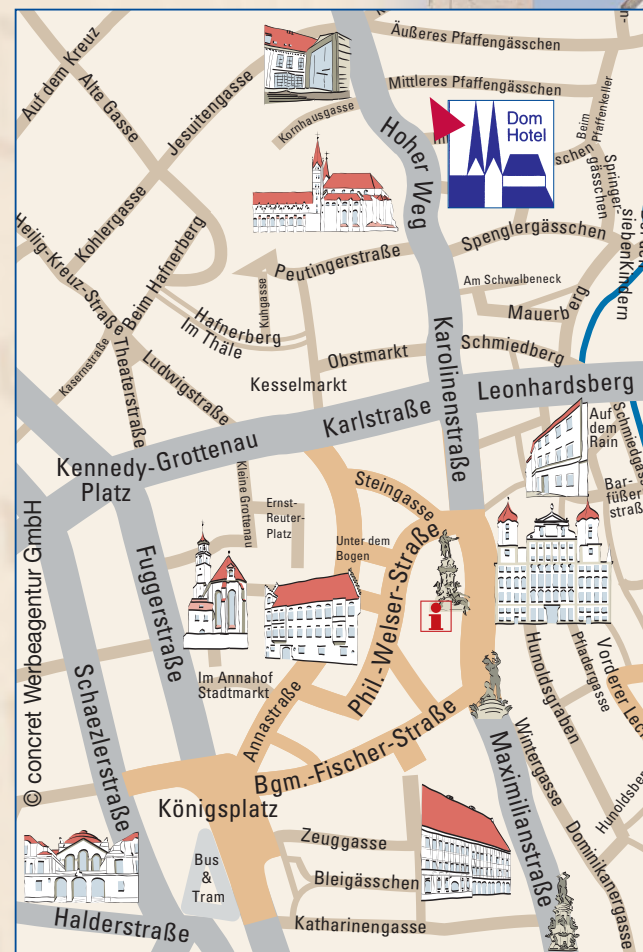

The Dom Hotel also charms with its location – central and yet quiet. Park your car in the hotel's own garage or in the inner courtyard. Explore the Augsburg city centre by foot. After all, the Renaissance Town Hall, pedestrian zone with its shopping facilities or sights such as the “Augsburger Puppenkiste” (puppet theatre), Fugger and Welser Museum and the

Fuggerei are nearby. The Domviertel with its own green oases and the former Prince-Bishop's Residence are located along the way downtown. The tram (only a few steps away) and main railway station (a few minutes by foot) are quickly reached from Dom Hotel. Our hotel is also conveniently located for the Central Hospital and Vincentinum Hospital.

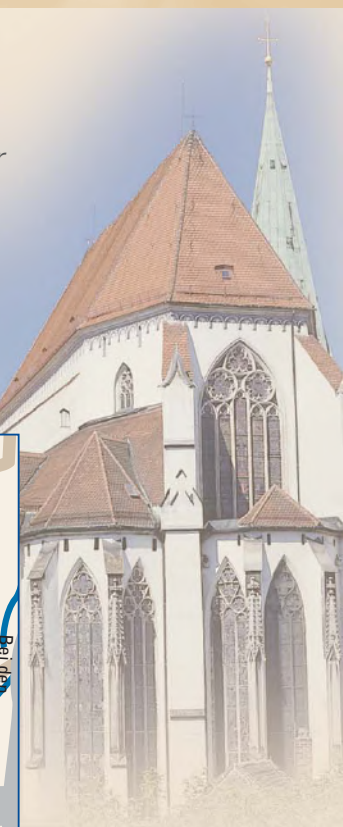

The green oases of the quarter around the former Prince-Bishop's Residence and the cathedral are only a few steps away from Dom Hotel's front door.

In the courtyard garden of the former Prince-Bishop's Residence

The Dom Hotel is very centrally located in the north of Augsburg's inner city.

Worth a visit: Augsburg

The Dom Hotel is conveniently situated in Augsburg. And Augsburg is conveniently situated in southern Germany. It actually doesn't matter if you have something to do here or in nearby Munich, because you can easily and quickly reach the Dom Hotel via the Munich-Stuttgart motorway as well as via the federal highways between Nuremberg and the Allgäu region. As a

result, you not only have the Augsburg region with all its sites and enterprises, exhibition centre and conference facilities nearby. Munich is just over half an hour away from here (via the motorway or ICE train connection). The international Munich Airport II can be reached via the motorway in 55 minutes. Ulm and the Allgäu region are just as close.

Augsburg is a city worth seeing, with international enterprises, trade fairs and congresses, a university and an environmental competence centre.

Coming from the A8 motorway, take the Augsburg Ost exit. After the Lech River Bridge (Lechbrücke), pass the MAN grounds and get into the middle traffic lane. At the traffic light, first turn off to the right, then

turn off to the left after 20 metres. Turn left again at the next traffic light and drive through the Fisherman's Gate (Fischertor). After 400 metres, the Dom Hotel is located on the left and the cathedral on the right.
